TERM

Section 1.0. The recitals are hereby incorporated by reference into the body of this Agreement.

Section 1.1. The term of this Agreement shall be for a period of five (5) years commencing upon full execution as evidenced by the date on the top of page 1 of this Agreement.

ARTICLE II

TERMS OF PAYMENT, EASEMENT AND MUNICIPALITY REPRESENTATIONS

Section 2.0. Pursuant to the County's SWML funding program and in an effort to protect County-owned and/or managed infrastructure, assets and property, including the protection of County bridges, sanitary sewer and/or storm water pipes, and County parkland and other municipal and private property, the County desires at this time to contribute Phase I funding toward the design, specification and construction documents cost of the Project. The Project is located in the Municipality and consists of flood mitigation and/or flood damage reduction work. The scope of work for this Phase I funding agreement is more fully described in Schedule "A", attached hereto and made a part hereof. In consideration for the County's aforesaid contribution, the Municipality represents that it shall complete the design, specification and construction documents of the Project in accordance with Schedule "A" and all of the other terms of this Agreement.

The County agrees to finance the design, specification and construction documents for the Project on a reimbursement basis. It is recognized and understood by the Municipality that at the time of execution of this Agreement, the County has obtained appropriations and bonding authority to fund up to \$47,500 for the design, specification and construction documents for the Project. The County share of the design, specification and construction documents of the Project shall not exceed that amount. Project design, specification and construction documents costs up to \$95,000 shall be paid fifty (50) percent by the County (up to \$47,500) and fifty (50) percent by the Municipality; provided, however, should the Project design, specification and construction documents costs be less than \$95,000, the County shall only be responsible for fifty (50) percent of the lesser amount. The Municipality shall be responsible for all costs in relation to the Project that exceed the County's contribution set forth herein, and under no circumstances or conditions, whether now existing or hereafter arising, or whether beyond the present contemplation of the parties, shall the County be

expected or required to make any payment of any kind whatsoever or be under any other obligation or liability hereunder in connection with this Project except as herein expressly set forth. Accordingly, it is recognized and understood that the County's obligation to fund the implementation and construction of the Project ("Phase II funding") is subject to future appropriations and bonding authority from the Board of Legislators and any and all other necessary legal approvals.

The County does not provide or extend any warranty of fitness or workmanship for any work undertaken in connection with, or paid under, this Agreement. Payment hereunder by the County shall operate as a release to the County from any and all obligations or liabilities in connection herewith to the Municipality, its contractor(s), or subcontractor(s) hereunder.

Section 2.1. In addition to, and not in limitation of the insurance requirements set forth herein, the Municipality agrees: (a) that except for the amount, if any, of damage contributed to, caused by or resulting from the negligence of the County, the Municipality shall indemnify and hold harmless the County, its elected officials, officers, employees and agents from and against any and all liability, damage, claims, demands, costs, judgments, fees, attorneys' fees or loss arising directly or indirectly out maintenance, operation, security and/or repair of the Project and of this Agreement and of the acts or omissions hereunder by the Municipality or third parties under the direction or control of the Municipality; and (b) to provide defense for and defend, at its sole expense, any and all claims, demands or causes of action directly or indirectly arising out of maintenance, operation, and/or repair of the Project and this Agreement and to bear all other costs and expenses related thereto.

This indemnification provision shall survive termination or expiration of this Agreement.

Section 2.3. The Municipality represents that within one (1) year of the date hereof that the "Flood Mitigation Criteria" developed by the SWAB and approved by the Board of Legislators will have been adopted in the Municipality's appropriate land use regulations, guidelines and policies or in stand-alone form, and documentation of the adoption of such policies must be provided to and approved by the Commissioner or Acting Commissioner of the County Department of Planning ("Planning Commissioner"). It is understood and agreed to by the Municipality that the payment of County funds under this Agreement for the Project is contingent upon the Municipality's adoption of the aforesaid policies.

Section 2.4. Any and all requests for payment to be made, including any request for partial payment upon completion of a portion of the Project, shall be submitted by the Municipality on properly executed payment vouchers of the County and paid only after approval by the Planning

Commissioner and the Commissioner of the Westchester County Department of Public Works and Transportation (“DPWT Commissioner”). All payment vouchers must be accompanied by a numbered invoice and must contain the invoice number where indicated. All invoices submitted during each calendar year shall utilize consecutive numbering and be non-repeating. In no event shall a *final* payment be made to the Municipality prior to completion of the Project and the approval of same by the Planning Commissioner and DPWT Commissioner. If at any time the Municipality shall neglect or fail to perform properly any of its obligations under this Agreement, the County shall have the right to withhold, in whole or in part, any payments otherwise due or to become due to the Municipality hereunder until such neglect or failure shall have been remedied to the reasonable satisfaction of the County.

Section 2.5. The Municipality represents warrants and guarantees that:

(a) It is a municipal corporation duly organized, validly existing under the laws of the State of New York; the execution and performance of this Agreement by the Municipality has been duly authorized by its governing body; this Agreement, and any other documents required to be delivered by the Municipality when so delivered, will constitute the legal, valid and binding obligations of the Municipality in accordance with their respective terms; and the Municipality will deliver to the County at the time of execution of this Agreement a resolution adopted by its governing body authorizing the execution of this Agreement, and any other documents required to be delivered by the Municipality, including the aforesaid Easement;

Upon failure of the Municipality to furnish, deliver and maintain such insurance, the Agreement, at the election of the County, may be declared suspended, discontinued or terminated.

Failure of the Municipality to take out, maintain, or the taking out or maintenance of any required insurance, shall not relieve the Municipality from any liability under the Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the contractual obligations of the Municipality concerning indemnification.

All property losses shall be made payable to the "County of Westchester" and adjusted with the appropriate County personnel.

In the event that claims, for which the County may be liable, in excess of the insured amounts provided herein are filed by reason of Municipality's negligent acts or omissions under the Agreement or by virtue of the provisions of the labor law or other statute or any other reason, the amount of excess of such claims or any portion thereof, may be withheld from payment due or to become due the Municipality until such time as the Municipality shall furnish such additional security covering such claims in form satisfactory to the Director.

In the event of any loss, if the Municipality maintains broader coverage and/or higher limits than the minimums identified herein, the County shall be entitled to the broader coverage and/or higher limits maintained by the Municipality. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the County.
