Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is an act ("Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue bonds in the amount of \$1,000,000 to finance the following capital project:

SY095 – Pumping Station Rehabilitation Program – South Yonkers SSD ("SY095").

The Bond Act, in the amount of \$1,000,000, would finance the cost of design and construction management costs for the rehabilitation of pumping stations, including the Main Street Pumping Station and the Ludlow Street Pumping Station, in the South Yonkers Sanitary Sewer District, and including incidental expenses in connection therewith.

The Department of Environmental Facilities ("Department") has advised that the pumping station equipment has reached the end of its useful life and is in need of repair and replacement. As part of the Department's pumping station maintenance plan, all of the pumping stations are rehabilitated approximately once every twenty years on a rolling schedule. These two pumping stations are due for rehabilitation. The Department must keep all wastewater treatment equipment in good working order in accordance with State and Federal regulations.

Following bonding authorization, design will be scheduled and is anticipated to take twelve months to complete. It is estimated that construction will take fifteen months to complete and will begin after award and execution of the construction contracts, subject to authorization of construction financing by your Honorable Board. It is anticipated that the design work will be completed using consultants.

The Planning Department has advised that based on its review, the above-referenced capital project has been classified as a "Type II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. As you know, your Honorable Board may use such expert advice to reach its own conclusion.

Based on the importance of this project to the County, favorable action on the proposed Act is respectfully requested.

Sincerely,

George Latimer
County Executive

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester (“County”) of a bond act (“Bond Act”) in the amount of \$1,000,000 to finance capital project SY095 – Pumping Station Rehabilitation Program – South Yonkers SSD (“SY095”). The Bond Act, which was prepared by the law firm Norton Rose Fulbright, will finance the cost of design and construction management costs for the rehabilitation of pumping stations, including the Main Street Pumping Station and the Ludlow Street Pumping Station, in the South Yonkers Sanitary Sewer District, and including incidental expenses in connection therewith.

The Department of Environmental Facilities (“Department”) has advised that the pumping station equipment has reached the end of its useful life and is in need of repair and replacement. These two pumping stations are due for rehabilitation. The Department must keep all wastewater treatment equipment in good working order in accordance with State and Federal regulations.

Following bonding authorization, design will be scheduled and is anticipated to take twelve months to complete. It is estimated that construction will take fifteen months to complete and will begin after award and execution of the construction contracts, subject to authorization of construction financing by your Honorable Board. It is anticipated that the design work will be completed using consultants.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
